How It Works

- The Right Start is a 3-day new agent training program designed as the ‘next step’ after getting a real estate license
- It is pre-sold to
 - Students in your pre-licensing program
 - Brokerages as a business support system positioned to train their new recruits for them in a trusted environment
- Delivered directly through your association for a substantive non-dues revenue income stream
- Or as a revenue share opportunity with other local associations as a joint income stream opportunity for students they provide
- It also serves as a platform to upsell the
 - “Trifecta” of the ABR, SRS and RENE
 - GRI program if offered
 - Other association programs, products, services and benefits

Using Your Preferred Trainers

- Training delivery format can be any way that best targets your audience needs
 - 3 Full or 6 Half day formats
 - Day, evening or weekend
- Possible continuous space training delivery
 - One module per week for 3 weeks
 - Once per month for 3 months
 - 3 Days in during the same week
- Using a continuous or consistent training delivery format your brokers will always have a class to send their new recruits to for efficient on-boarding and training

SUPPORTING DOCUMENTS

- The series is designed so that your trainers can incorporate all of your
 - State Disclosure Forms
 - State and/or local board listing contracts, buyer agreements, purchase/sale agreements
 - Incorporated into Day 2 – Representing Buyers and on Day 3 – Representing Sellers
- If there are NAR, State or Local Board programs, products, services and benefits you want to showcase
 - They can be incorporated throughout the series as needed
 - You can add another day to qualify as a board orientation program
- Can also be loaded on a slide-show loop played before class and during breaks
